### Payment

Cost = 24,000 SAT/year

24,000 SAT (Bitcoin) eCash Cashu Token (max 10,000 characters):

Please generate a 24,000 SAT eCash Cashu payment token and send it to this [Nostr npub address](#) through a Direct Message.

If you are not sure how to create an eCash Cashu payment token for sending instant and untraceable Bitcoin payments then you can learn more [here](#).

TLDR: Buy Bitcoin from an app like Cash App, then send that Bitcoin to a Cashu wallet you control. From there you will generate eCash tokens and can paste the correct number of eCash SATs (SATs are small units of Bitcoin) into the field above.
